

**Training for the Mathematical Olympiad in NUI, Maynooth**  
**January 2013 - May 2013**

The following is the programme for Olympiad training in the National University of Ireland, Maynooth, in the period from 19<sup>th</sup> January, 2013 to 27<sup>th</sup> April, 2013, inclusive. The classes will be held from 10 a.m. to 1 p.m. on the listed Saturdays in various locations given below: Callan Hall (CH) and Physics Hall (PH), both near the entrance to the South Campus; and classhall MS2, on the top floor of Logic House, South Campus. In so far as possible, the non-advanced classes scheduled for CH/PH will take place on the indicated days, and will be cancelled only in the event of a major problem such as a severe, prolonged, winter storm; but the order in which topics are covered, and the topic providers, are subject to change. The provision of the advanced class depends on the number of "second time" participants, and it will be cancelled if too few people indicate their willingness to attend on a regular basis. Of course, no individual first - or second-timer should feel bound to attend every single class, particularly on mornings with heavy frost or snow.

The personnel involved in 2013 are: S. Balagopalan (SOB); Dr S. Bechtluft-Sachs (SBS); Professor S. Buckley (SB); Dr P. Clifford (PC); Dr D. Malone (DM); Dr J. Murray (JM); Professor A. O'Farrell (AOF); Dr James O'Shea (JOS); Dr L. Pforte (LP); Dr A. Ralph (AR); Dr D. Redmond (DR); Dr R. Watson; and, hopefully, some other volunteers from time to time.
